

COLOUR SPRAY ZINC

Corrosion protection

Description

High-quality zinc spray as corrosion protection with a long-term effect for all bare metals. Adhesive, waterproof, quick-drying and top-coatable.

Product features

- Corrosion protection with long-term effect
- adhesive and waterproof
- quick-drying
- top-coatable

Notes

Shake the can well before use (the mixing ball should be audibly moving for 30 seconds). After use, turn the can upside down and spray until only gas escapes.

Field of application

MOTOREX ZINC COLOUR SPRAY is ideal for priming work on bare metals.

Application

Clean and degrease surface. Then spray from a distance of approx. 15-20 cm and leave to dry.
